

SMC³ ONLINE EDUCATION

What is LTL Certification?

SMC³ is proud to offer the industry's only path to less than truckload (LTL) certification (CLTL). Developed in partnership with **LogisticsTrainingCenter.com**, LTL certification provides professional distinction for logistics and supply chain professionals alike. CLTL recognizes that you have developed the skills and competencies demanded by the 21st LTL industry. Certified by SMC³, shippers, carriers and 3PLs are all right for CLTL certification.

Stay Ahead of the Curve

Earning your CLTL certifications sets you apart, differentiating you as a distinguished professional committed to understanding and excelling in your professional. You have demonstrated your commitment to both your company and the industry at large. This first-class certification will provide you mobility, expertise and provide you with a competitive advantage in the LTL industry.
